ABOUT ME

I am a passionate Computer Science student with hands-on experience as a Junior Software Developer, working with HTML, CSS, SCSS, JavaScript, and Bootstrap. I love creating applications that are both easy and enjoyable to use, always aiming to deliver high-quality work. My journey is driven by a desire to learn and innovate, bringing fresh ideas to the tech world. I'm excited to contribute to projects that truly make a difference, blending my technical skills with a creative and personal approach to problem-solving.

EXPERIENCES

Fastcash - Estágio Developer software Jul 2023 - jul 2024

- Proficient in C and ASP.NET, along with Bootstrap, for building robust and scalable web applications, including a web application for clients transacting PIX, providing a fast and secure payment experience.
- Experienced in using React for front-end development, building dynamic user interfaces, and connecting to APIs for data extraction.
- Proficient in Node.js, utilizing it to build server-side applications and APIs that support dynamic web functionalities and efficient data handling.
- Skilled in user-centered design (UX/UI), focusing on improvements and exceptional user experience through iterative design processes and user feedback analysis.
- Specialized in front-end development, employing JavaScript to implement interactive functionalities like real-time chat features and drag-and-drop interfaces.
- Utilized Figma for prototyping and designing intuitive user interfaces, collaborating with cross-functional teams to iterate on design concepts.
- Proficient in SCSS and CSS for advanced and consistent styling of applications, adhering to design systems and maintaining code quality standards.

EDUCATION

Anhembi Morumbi University - Computer Science - Bachelor's degree	2024 - 2028
Senai - Ford Academy - Software Development	2023 - 2024

CERTIFICATIONS

Front End Development Course focused on Web development and Design.
Powe BI

SKILLS

Languages	Python, SQL, C-Sharp, JavaScript
Frameworks	Figma, ASP.Net MVC, ReactJs, Next.js, Bootstrap
Versioning Tools	Git, Github.
Languages	Inglês - Intermediary. - TALKTALNK
